

Reference guide for converting the Revell Fokker F-100 kit to a Fokker F-70. Drawing is 1/144 scale when printed at 100%.

Wing-body fairing will need to be reformed after making aft fuselage cut. Wings, tail, and engines are identical on the F-100 and F-70. Delete the middle right side cargo door on the F-100 fuselage when converting to F-70.
